LB 903, 1275A

would require the money obviously. If the money can make it all the way over to the Governor's desk and be signed in 991 there will be no need to put the money in here as well. Now the one thing, if you would take the language out of 1275, the other way to do what is needed to for the A bill, I think Senator Withem stated there is a need to have the language in there to make it very specific what is required and so I'm supportive of that, but I just want to reiterate that it will not get the money twice.
